HMS HARRIS MOTOR SPORTS SALES & SERVICE

We greet the new year with a new name—Harris Motor Sports—and with many new and exciting products! Besides adding to our line, we will continue to offer the same great products and top-notch service we have been providing our customers for years. While we are talking years, that brings up another important point. In 2004, we will celebrate 25 years of business. We have all of our valuable customers to thank for this achievement, and we plan on making it a year to remember!

In this issue of Great Drive, we would like to introduce our new products, beginning with Arctic Cat® ATV's, snowmobiles, parts, and accessories—and continuing on to Keyonix® Golf Car Controller. We also team up with our Peosta neighbor, Mi-T-M®, adding pressure washers, air compressors, water treatment systems, and industrial wet/dry vacuums to the line. And finally, golf GPS systems are brought to us by ParView® and To The Green®. We look forward to everything this new year will bring. Thanks again for your continued support!

John Valliere

(PGA Head Golf Professional, Glynns Creek Golf Course)

Glynns Creek is starting our fifth season with our current fleet of 75 Yamaha golf cars. Our previous fleet we turned over after 3 years. The reason we feel we are getting an extra 2 years from this fleet of cars is that we have had Harris Motor Sports do all of the annual service on them. Tom and his staff of mechanics go over every car with a fine-tooth comb and find any and all problems, and they fix them before they become problems for us. The annual service provided pays us big dividends in the end. Any breakdowns we have had in season are corrected within 24 hours, or a replacement car is provided.
